RS PRO 3 piece Metal Step Drill Bit Set, 4mm to 30mm

RS Stock No.: 232-614

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

RS PRO offers this exceptional step drill bit set made from HSS for high-performance, offering a range of whole diameters, giving you maximum versatility. Capable of cutting holes from 6mm to 40mm through three different step drill bits. These High-Speed Steel (HSS) cutters are constructed from a single piece of high-speed steel, thus reducing breaking and blunting under heat or stress. The stepped tapered design makes it easier to enlarge holes if requirements change for example.
