RS PRO RJ Patch Panel Modules & Accessories-Cat5e RJ45 1 Port Jack

RS Stock No.: 556-819

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

A Category 5e Unshielded Twisted Pair (UTP) keystone jack designed for installation into both European and UK wall plates or patch panels built with a RJ45 footprint.

The RJ45 jacks standard footprint design makes it perfect for fitting into existing systems without adaptation or rework and the LSA termination style enables quick tool free termination.

Constructed with a robust plastic shell with Phosphor Bronze contacts featuring a Gold plating for excellent conductivity and wear resistance creating a reliable and secure connection with the cable.
