## Datasheet

# 35 Piece Wood Working Drill Bit Set

RS Stock number [507-1697](#)

### Specification:

- Material: Moulded die casting high carbon steel (s1060c) for Forstner drill bits, high carbon steel (s1050c) for auger drill bit, medium carbon steel (s1045c) for wood boring and brad point drill bits
- Finish: Chemical black finish with polish side panel & machinery teeth & cutting edge of Forstner and auger drill bits, grinding tri-tip of brad point drill bits and e-type of wood boring drill bits
- Hardness: Heat treated to HRC: 52 ~ 60 (saw teeth area), HRC: 35 ~ 48 (auger, brad point and wood boring bits)

### Contents:

16 pc- Forstner drill bits, 2 step shank and 3/8" (9.5 mm) diameter end shank sizes: 1/4" (6.3 mm), 3/8" (9.5 mm), 1/2" (12.7 mm), 5/8" (16.0 mm), 3/4" (19.0 mm), 7/8" (22.3 mm), 1" (25.4 mm), 1-1/8" (28.6 mm), 1-1/4" (31.8 mm), 1-3/8" (35.0 mm), 1-1/2" (38.1 mm), 1-5/8" (41.3 mm), 1-3/4" (44.4 mm), 1-7/8" (47.7 mm), 2" (50.8 mm) and 2-1/8" (54.0 mm)

5 pc-200 mm (length) auger bits with hexagon end of shank, machinery flute with polish side panel & shank and screw type tip end size: 10.0, 12.0, 14.0, 16.0 and 20.0 mm

8 pc-grounding tri-tip brad point drill bits with black finish and polish

Flute sizes: 4.0, 5.0, 5.5, 6.0, 7.0, 8.0 9.0 and 10.0 mm

6 pc-e-type wood boring drill with 6 mm hexagon shank of bits sizes: 10, 13, 16, 20, 22, 25 mm (overall length - 150 +/- 2.0 mm) colour imprinting mail order box and RS content stickers
