

FEATURES

- Spring washers are ideal for preventing vibration loosening fasteners
- Made from steel with a bright zinc plated finish
- Rectangular section
- Easy to apply

RS PRO Bright Zinc Plated Steel Single Coil Rectangular Spring Washer

RS Stock No.: 2310704, 2310708, 2310706, 2310700, 2310701, 2310707, 2310702, 2310705

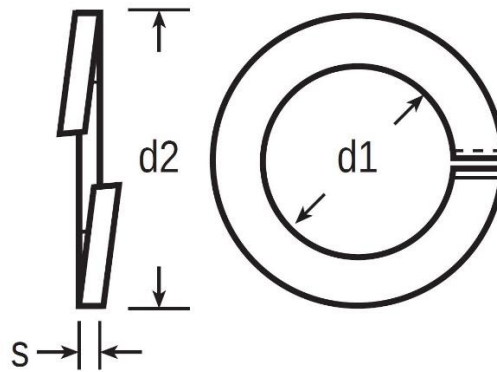

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Family Name

Product Description

Single coil rectangular spring washers are typically used to prevent vibrations from loosening fasteners (a nut and bolt, for example), and are easy to apply. As they are tightened, the spring is closed, with the resistance causing a locking effect. The cross-section of the washer is rectangular. Made from steel with a bright zinc plated finish, offering resistance to corrosion. These washers conform to DIN 127B.

General Specifications

RS Stock No	Finish	d1 (mm)	d2 (mm)	s (mm)
2310700	Bright zinc plated	M4	7.55	0.9
2310701	Bright zinc plated	M5	8.15	1.2
2310702	Bright zinc plated	M6	11.7	1.6
2310704	Bright zinc plated	M8	14.85	2
2310705	Bright zinc plated	M10	18.0	2.2
2310706	Bright zinc plated	M12	21.0	2.5
2310707	Bright zinc plated	M16	27.3	3.5
2310708	Bright zinc plated	M20	33.5	4
