

S3PB30/ 40/ 60

Fold down lifting handle

Soft closing lid mechanize

*Removable leak-proof plastic inner bin**

Optional: Recycling Label (R4)

Description

Classy rectangular fingerprint resistant, satin finished stainless steel foot pedal bin c/w plastic inner bin and soft closing lid. Each bin is carefully packed in poly bag, protective form, paper cardboard and carton box. Well and neatly packed for inland transport or export.

Pedal system enable user to lift the lid and discard wastes without actually touching it. Available in different volume, single & twin (small & big) cavities. Fulfill your needs in waste segregations.

Optional: Brilliant colours and stunningly crafted graphics label; pasted on the lid, instantly transform it into an attractive recyclable bin(s).

Most ideal for hotels, showrooms, offices, pantries, toilet or in-house recycling programme, etc.
