

Grip pipe wrench - 483/6

Description

- material: chrome vanadium
- drop forged, entirely hardened and tempered
- surface finish: red lacquered
- serrated jaws with induction hardened teeth
- 

Usage

- grip, rotation or bolting of round or multi-edged pipes, nuts, and flanges
- set the width of the grip by adjusting the pliers using the nut on the handle
- with minimal pressure on the lever on the handle a solid grip will be achieved and the pliers will remain locked in position
- to unlock the pliers release the lever on the handle
