METAL ATTACK
BY NORTON
LONG LIFE

Cut-off and Grinding Wheels

Metal Attack by Norton range of cut-off and grinding wheels offer a choice of metal working products for all rough applications like cutting, grinding and polishing. They are designed for fast cutting action without compromising with the life of the product. Specially thought for requiring metal working where quality and value need to meet. Stainless range also is available on demand.

Product Advantage:

- Long life
- High performance grain provides high stock removal and fast cut
- Free of iron (for stainless steel application)
- Low grinding temperature due to special fillers
- Comply with EN12413 safety requirement

Flap Discs

Metal Attack by Norton Flap discs are engineered for multiple applications including light stock removal, edge chamfering, deburring, paint & rust removal, cleaning blending and finishing. They provide a fast cut, a good finish and have the added benefit of long life and they can help reduce processing time and lower costs.

Product Description:

- Long Life
- Aluminum Oxide grain
- Grit Size available : P40-P120
- 100x16 mm (4")
- Plastic (75/90mm)
- Fiberglass (75/90 mm)
- Xwt Poly cotton backing (for Flap disc with backing only)
- High stock removal and fast cut

UPC	Description	Specification	Plastic shrink (Qty)	Outer box (Qty)
Flap disc with Backing				
78072753796	Flap disc with Backing 100x16 (4")	P40	10	200
78072753797	Flap disc with Backing 100x16 (4")	P60	10	200
78072753798	Flap disc with Backing 100x16 (4")	P80	10	200
78072753799	Flap disc with Backing 100x16 (4")	P100	10	200
78072753800	Flap disc with Backing 100x16 (4")	P120	10	200

UPC	Description	Specification	Inner box (Qty)	Outer box (Qty)
Flexible Flap disc without Backing				
78072753801	Flexible Flap disc 100x16 (4")	P40	10	200
78072753802	Flexible Flap disc 100x16 (4")	P60	10	200
78072753803	Flexible Flap disc 100x16 (4")	P80	10	200
78072753804	Flexible Flap disc 100x16 (4")	P100	10	200
78072753805	Flexible Flap disc 100x16 (4")	P120	10	200

Fiber Disc

Metal Attack by Norton Fiber disc is designed for all purpose weld blending, grinding, surface preparation and finishing of all metal fabrication and wood working, it comes with tough and durable fiber backing for long life and better performance. Best in class for applications where surface finish is important and grinding pressure is medium to low.

Features

- Aluminum oxide grains
- High strength vulcanized Fibre backing
- High production technology

Benefits

- Good cut-rate
- Uniform finish
- Tear resistant

Availability

- Size 4"
- Grit size 24, 36, 60, 80 to 120

Belt

Metal Attack by Norton belts can be used from grinding to polishing for most applications, with high quality Aluminum oxide coating and X-weight cloth backing for long life and extreme performance. The ideal for fast and easy sanding of various materials, soft/hard wood as well as metal surface finishing.

Features

- Aluminum oxide grain
- Semi Open Coat
- X-wt Poly cotton backing
- Resin Bond

Benefits

- Metal Working Application
- Ferrous/nonferrous material
- Ply wood sanding & Polishing
- Faster stock removal

Availability

- Size 4"x24"
- Grit size 40,60,80,100 and 120

Norton offers long life products that can help you save operation cost!

Cut-off Wheel

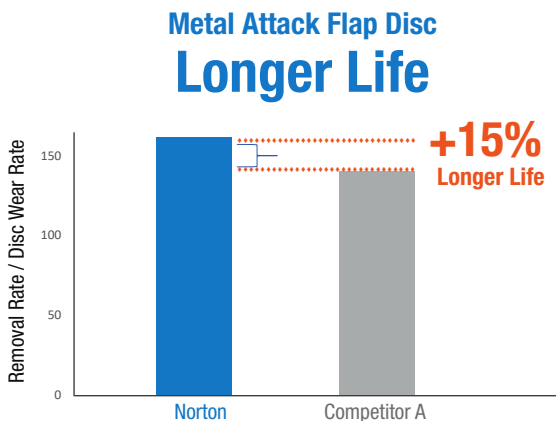

- **Application:** Grinding Metal
- **Product:** Metal Attack 4x2 cut-off wheel
- **Tool:** Angle grinder
- **Used wheel per cut:**
 - Metal Attack is 1.9
 - Competitor A is 4.11
- Annual consumption: \$18,400 USD
- Annual saving: -22%

** The results are based on comparative tests of randomly selected samples of Norton product and comparative product. The calculation and numbers are for reference only, which are made based on the general assumption of average machine in the market, the price level of Norton product and the competitors are their average market price, and therefore the results are not committed in any specific case.

Case Study: Customer X
Annual cost saving: **\$ -9,400 USD**

Flap Disc

- **Application:** Grinding Metal
- **Product:** Metal Attack Flap Disc
- **Tool:** Angle grinder
- **G-Ratio:**
 - Metal Attack is 7.31
 - Competitor A is 5.85
- Annual consumption: \$13,000 USD
- Annual saving: -13%

** The results are based on comparative tests of randomly selected samples of Norton product and comparative product. The calculation and numbers are for reference only, which are made based on the general assumption of average machine in the market, the price level of Norton product and the competitors are their average market price, and therefore the results are not committed in any specific case.

Case Study: Customer X
Annual cost saving: **\$ -1,700 USD**
