

## FEATURES

- External open-ended circlips
- For use with 10mm shafts
- Fits to 9.6mm groove diameter
- Ring thickness of 1mm
- Outside ring diameter of 17mm
- Tough and durable stainless steel construction

# Stainless Steel External Circlip, 10mm Shaft Diameter, 9.6mm Groove Diameter

RS Stock No.: 209-6621

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

These space-saving external circlips fit snugly around shaft or bore components, letting you use them as an alternative to bulky fastener assemblies. Simply insert the tips into an RS external circlips plier, squeeze the handles to open up the ends and fit over the shaft groove to complete the installation.

Two circlip kits are available

Kit 1 (RS 278-360) contains small sized clips and Kit 2 (RS 278-376) contains large sized clips in both cases.

## General Specifications

<b>Circlip</b>	External
<b>Material</b>	Stainless Steel
<b>Applications</b>	Electric Motors Turbines, Pistons, Vehicle construction, Brake adjustment, Optical devices, Sprocket chains, Electronics, Roller/Wheel bearings, Gearing/Transmission, Clutches

## Mechanical Specifications

<b>For Shaft Diameter</b>	10mm
<b>Fits Groove Diameter</b>	9.6mm
<b>Ring Thickness</b>	1mm
<b>Ring Outside Diameter</b>	17mm

## Approvals

<b>Compliance/Certifications</b>	Stainless Steel 420 type
