LED PANEL LIGHT

sop

PL 625257 SERIES

Key Features

- Easy installation with no external drivers needed
- Super slim design for surface mounted application
- High-efficiency constant current driver
- 70% more energy-efficient compared to 2X18W fluorescent lighting system
- Long service life of 50,000 hours L70 @ 40°C (Ta)
- Safety, EMC and IEC compliance
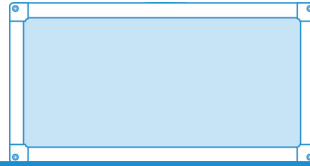

Application

Cabins, Passageways, Galleys, Cafeterias

Material

Marine grade aluminium, comes with high-efficiency light guide

Weight

3.3Kg
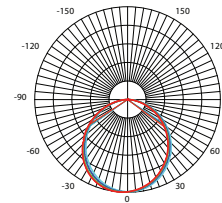

Height	AVR E	Diameter
