

FEATURES

- Blow-moulded with anti-static additives from LDPE and LLDPE
- Soft texture and super flexible
- Two layer extrusion with calendar role to thermoform bubble
- Provides a “faraday cage” to protect inside components
- Easy to cut while still provide great strength in order to not tear.
- Can be heat-sealed
- Surface resistance of $10^{10}\Omega$.

RS PRO ESD Wrap 500mm width

RS Stock No.: 628-1772

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

Our RS Pro range of antistatic bubble wrap provides superior protection to any components inside. The bubble wrap acts as a “faraday cage” to ensure the sensitive equipment does not receive a shock. Along with providing electrostatic discharge protection the bubbles ensure your product is safe. Our bubble wrap provides great shock protection to further protect your items.
