## RS PRO USB TO 4x SERIAL ADAPTER – Prolific PL2303HX D Chipset

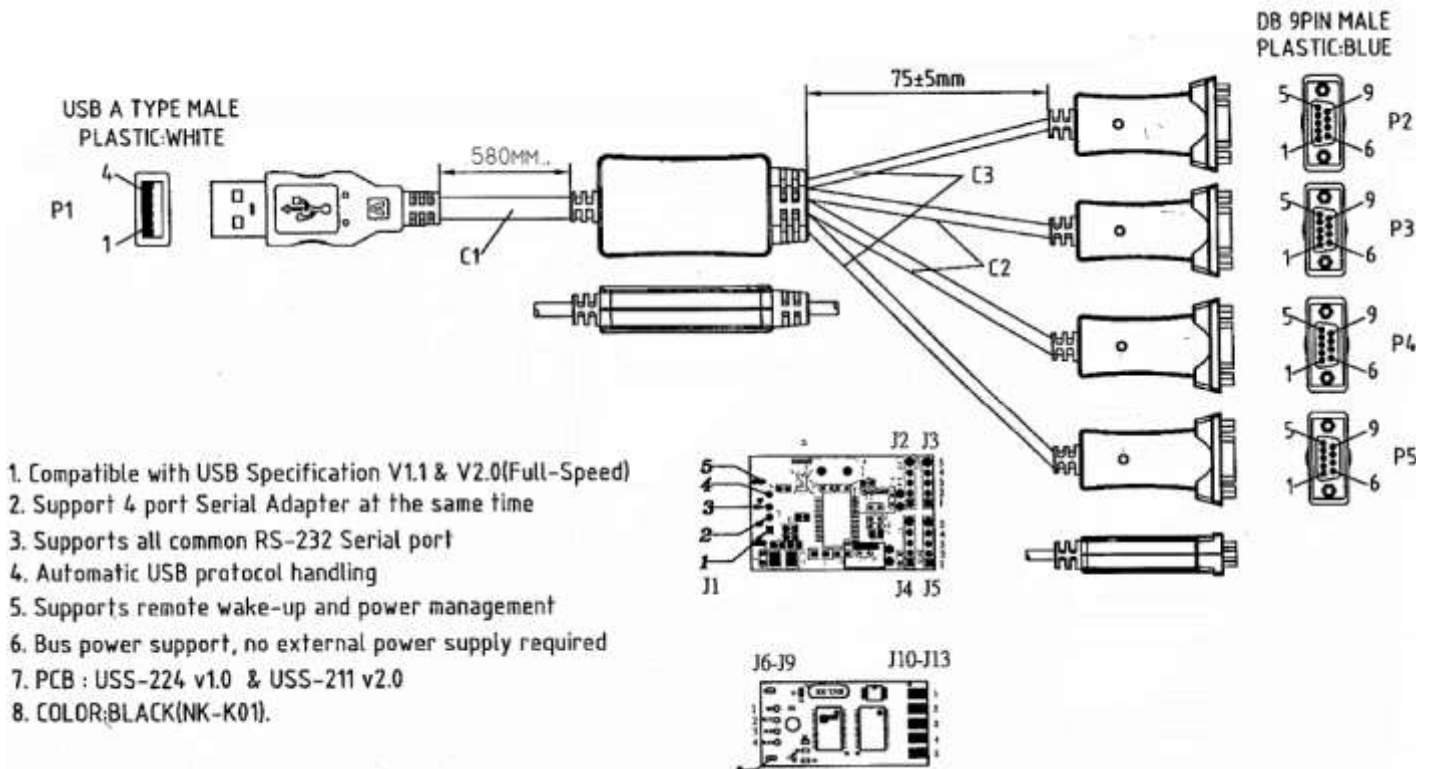

Stock number: 2206501

EN

The RS PRO USB to serial adapter has an ABS shell on the DB 9-way male connections and the cable flex is made from PVC to the USB A male connector.

It uses the popular Prolific PL2303HX D Chipset which windows will install the first time it is connected to a PC.

This Serial to USB adapters are used to connect four serial devices to PC's which only have a single USB port.

RoHS / REACH / CE
