

## Cable Stripper No. C 8 - 27

WEICON cable strippers allow all common round cables to be stripped accurately, quickly and safely. The cable stripper product family includes various types which have different additional functions, thus meeting the individual needs of the users.

The Cable Stripper No. C 8-27 allows all common round cables of between 8 and 28 millimetres diameter to be stripped accurately, quickly and safely. The cutting depth of the blade can be regulated infinitely with the help of an adjustable screw on the end of the handle. This prevents damage to the inner conductor. The blade is integrated self-rotating into the casing, allowing automatic conversion from circular to longitudinal cutting.

### Technical Data

Cable Type	flexible and solid conductors with PVC insulation
Range of application	overall diameter 8 - 28 mm
Inner blade	adjustable + exchangeable
Additional value	Safety bar without blade
Material	glass-fibre reinforced polyamide
Accessories	Replacement blade, art. no. 50100001
Approval/Certificate	Tested safety TÜV NORD
Length	135 mm
Weight	69 g

**Note**  
Working with WEICON Stripping tools is only permitted with potential free wires and conductions.
