

## FEATURES

- External open-ended circlips
- For use with 12mm shafts
- Fits to 11.5mm groove diameter
- Ring thickness of 1mm
- Outside ring diameter of 19mm
- Tough and durable stainless steel construction

# Stainless Steel External Circlip, 12mm Shaft Diameter, 11.5mm Groove Diameter

RS Stock No.: 209-6637

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

Use these external circlips as a substitute for bulky fastener assemblies. They're conveniently space-saving and fit comfortably around shaft or bore components. These handy circlips are made from semi-flexible stainless-steel, allowing for quick and easy installation and removal, while also offering a high level of durability.

Two circlip kits are available

Kit 1 (RS 278-360) contains small sized clips and Kit 2 (RS 278-376) contains large sized clips in both cases.

## General Specifications

<b>Circlip</b>	External
<b>Material</b>	Stainless Steel
<b>Applications</b>	Electric Motors Turbines, Pistons, Vehicle construction, Brake adjustment, Optical devices, Sprocket chains, Electronics, Roller/Wheel bearings, Gearing/Transmission, Clutches

## Mechanical Specifications

<b>For Shaft Diameter</b>	12mm
<b>Fits Groove Diameter</b>	11.5mm
<b>Ring Thickness</b>	1mm
<b>Ring Outside Diameter</b>	19mm

## Approvals

<b>Compliance/Certifications</b>	Stainless Steel 420 type
