

(1) EU-TYPE EXAMINATION CERTIFICATE

- (2) Equipment and Protective Systems intended for use in
Potentially Explosive Atmosphere - **Directive 2014/34/EU**
- (3) EU-Type Examination Certificate Number

TÜV 25 ATEX 9248 X

Issue: 00

- (4) Equipment: **Intrinsically Safe Smart Phone**
Model name: SP104Ex
- (5) Manufacturer: **HAEXC Mobile Pte. Ltd.**
- (6) Address: **2 Joo Koon Circle, Singapore 629031**

- (7) This product and any acceptable variation thereto are specified in the schedule to this certificate and the documents therein referred to.
- (8) The TÜV Rheinland Zertifizierungsstelle für Explosionsschutz of TÜV Rheinland Industrie Service GmbH, Notified Body No. 0035 in accordance with Article 21 of the Council Directive 2014/34/EU of 26th February 2014, certifies this product which has been found to comply with the Essential Health and Safety Requirements relating to the design and construction of equipment and protective systems intended for use in potentially explosive atmosphere, given in Annex II to the Directive.

The examination and test results are recorded in the confidential report GC/Ex9248.00/25

- (9) Compliance with the Essential Health and Safety Requirements, with the exception of those listed in the schedule of this certificate, has been assessed by reference to:

EN IEC 60079-0:2018

EN 60079-11:2012

- (10) If the sign "X" is placed after the certificate number, it indicates that the equipment is subject to special conditions for safe use specified in the schedule to this certificate.
- (11) This EU-Type Examination Certificate relates only to the design and specification for construction of the equipment or protective system. It does not cover the process for actual manufacture or supply of the equipment or protective system, for which further requirements of the directive are applicable.
- (12) The marking of the equipment shall include the following:

II 2 G Ex ib IIC T4 Gb
II 2 D Ex ib IIIC T130°C Db

(13) Annex

(14) **EU Type Examination Certificate**
TÜV 25 ATEX 9248 X Issue: 00

(15) Description of equipment

15.1 Equipment and type:

Intrinsically Safe Smart Phone
Type: SP104Ex

15.2 Description / Details of Change

General Description:

The Intrinsically Safe Smart Phone (model SP104Ex) is a rugged operated mobile phone. The power of equipment is supplied from a chargeable Lithium Battery. The mobile phone has been designed for use in explosion hazardous area of zone 1/21 and zone 2/22.

The Mobile phone support 4G/3G/2G, WLAN, GPS and Bluetooth. There is a 4-inch display with touch panel, the phone has a custom key, volume up/down keys. The mobile has a 50 Mega Pixel main camera and 8 Mega Pixel front camera.

Technical Data:

Elektrische Daten/ Electrical data
U=4.35V (Powered by Lithium-ion batteries)

Environmental data:

Ingress protection: IP64
Ambient temperature: -20°C to +55°C

(16) Test-Report No. GC/Ex9248.00/25

(17) Special Conditions for safe use

This EU Type Examination Certificate without signature and official stamp shall not be valid.
This certificate may be circulated without alteration. Extracts or alterations are subject to approval by:
Zertifizierungsstelle of TÜV Rheinland Industrie Service GmbH

1. The device only be charged outside explosion hazardous areas, using an adapter specifically supplied by the manufacturer for use with the unit.
2. Read the instructions before use. Only install TF/SIM cards or replace battery pack outside explosion hazardous areas.
3. The rubber cover of the Type-C USB port must be closed in hazardous locations. The USB port only can be connected with the USB downloader specifically supplied by the manufacturer.
4. The device shall be protected against excessive UV light emission.
5. The device must be protected from impact with high impact energy.

(18) Basic Safety and Health Requirements

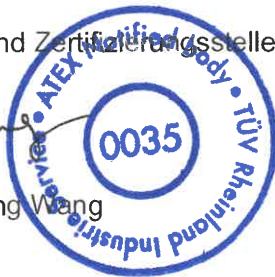

Covered by afore mentioned standard
