Schematic

Portable Ignition Units	
type	SPI
ignition type	high energy
spark frequency	3 Hz
battery type	reloadable 12 V
battery capacity	3.2 AH (suitable for 3 hours of continuous operation)
protection class	IP65
housing material	aluminum
total weight (L=1000 mm)	6 kg
battery charger power supply	220–240 VAC
power consumption	17 W
loading time	300 min
