

ENGLISH

RS Pro Lighting Controller Detector, PIR, Ceiling Mount, 220 → 240 V ac, 76mm Diameter

RS Stock No. 424-0381

Brand RS Pro

Mfr. Part No. EBDSP1R

Product Details

PIR and Daylight Switch

Combined photocell and PIR for automatic control of indoor lighting

Photocell prevents lights being turned on if sufficient daylight

Can be flush or surface mounted with adaptors supplied

Adjustable off time delay and lux level

Suitable for tungsten or fluorescent lighting loads

Occupancy Lighting Controllers

Lighting controllers designed for use within offices and warehouses. Available with dual sensors for detecting ambient light and physical movement. Outputs are in the form of switch contacts (standard types). A dimming control output version is available for use with electronic ballasts. This can control up to 10 ballasts, ideal where daylight compensation is required with constant ambient light.
