# Product Details

## Elbow Connector

These taper thread connectors have a taper screw on one end and a push-on hose connector on the other end. The hose sits securely due to the ribbing of the push-on connector. The 3 available thread types are coloured as followed, Metric taper thread (light grey), Whitworth pipe thread (anthracite) and NPT thread (black).

## Plastic Push Fittings

Polyamide, tough, lightweight, good impact and wear resistance

Male BSPT, deep moulded ribs, allow use of hose clips, positive sealing

## Specifications:

Hose Inner Diameter	4mm
Body Material	Polyamide
Threaded Connection	1/8 in R Male
Thread Size	1/8in
Coupling Gender	Male
Coupling Connector Direction	Elbow
Thread Gender	Male
Thread Standard	R
