

RoHS
Compliant

Description

This product is a portable, temperature-adjustable, high-temperature control soldering iron. The ceramic heating core uses a three-core grounded power cable to effectively ensure the safety of the soldering operation.

Features

- Automatic sleep after 10 minutes
- Automatic shut down after 20 minutes
- Temperature up to 480°C in 1 minute
- Build in PID system
- Shortcut range to adjust temperature by button
- Products use LCD display and LED display design
- Set common temperature quickly
- ESD safe
- Soldering Iron stand included

Specifications

Voltage Rating	: 110V AC/240V AC
Power Rating	: 150W
Temperature Range	: +350°C to +480°C for LED Indication (5 Temp. Range Settings) +250°C to +480°C for LCD Display
Temperature Stability	: ±2°C
Heater	: Four-core PTC ceramic heater
Display	: Blue LED/LCD Display
