

**Datasheet**

**RS PRO**

**Thermal grease, 9.0W/m K**

Stock No: 2065711

**Technical Specifications:**

Characteristic	Test Method	Result
Colour	Visual	Grey
Thermal conductivity W/m.K	ASTM-D5470	9.0
Thermal impedance °C-in <sup>2</sup> /W	ASTM-D5470	0.0016
Operating Temperature °C	EN344	-30 to +225
Density g/cm <sup>3</sup>	ASTM D792	2.3

## Features & Benefits:

- No pump out or stability issues
- Easy to apply and rework
- Syringe dispense, also suitable for screen printing
- Low contact resistance

## Applications:

- Communications equipment
- Automotive electronics
- Small office, and networking equipment
- Consumer and industrial electronics

**Available product size: 20g**

**Approx dimensions: 150x30x30mm**
