

#### **FEATURES**

- High quality brass to EN 12165 and EN 12164
- Full port to DIN 3357 for maximum flow
- Blowout-proof nickel plated brass stem
- Chrome plated brass ball for longer life

**Maintenance free** 

# RS PRO Nickel Plated Brass High Pressure Ball Valve 1/4 in BSPP 2 Way

RS Stock No.: 733-5192

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

#### **Product Description**

RS PRO range of brass manual ball valves. Manual ball valves are used to operate shut off valves which control water flow and pressure. These quarter turn brass full bore ball valves have a t-handle and female to female threads and are suitable for high temperature hot water services in domestic, commercial and industrial applications.

733-5192 - T handle ball valve 1/4 inch F-F

733-5202 - T handle ball valve 3/8 inch F-F

733-5205 - T handle ball valve 1/2 inch F-F

733-5209 - T handle ball valve 3/4 inch F-F

733-5218 - T handle ball valve 1 inch F-F

#### **General Specifications**

| Threaded Connection | 1/4in BSPP  |
|---------------------|---|
| Attachment Type     | Threaded  |
| Body Material       | Nickel Plated Brass                                   |
| Thread Size         | 1/4in   |
| Safe For Use With   | Air, Oil, Steam, Water                                |
| Туре                | 2 Way   |
| Application         | Heating systems; Water treatment; Liquid flow control |

#### **Mechanical Specifications**

| Connection Size | 6.35mm |
|-----------------|--------|
|-----------------|--------|

#### **Operation Environment Specifications**

| Working Temperature      | -20°C to 150°C |  |  |  |
|--------------------------|----------------|--|--|--|
| Maximum Working Pressure | 40 bar         |  |  |  |
