

Datasheet

RS PRO 24m Extension Reel, 0 Socket With Auto Rewind, Unwound Current Rating 8A, 230 V IP42

RS Stock No: **183-9528**

Product Details

RS PRO heavy duty cable extension reel has a diecast aluminium protective casing for added durability. This extension cable is 24 m long and has PVC outer sheath for added protection. The cable is voltage rated for 230 V ac and current rated for 8 A. The extension reel has IP42 rated protection to work in a variety of industrial applications such as hoist travelling equipment, automatic equipment, push button units, power transmission source to machine tools, etc. The strength and safety characteristics of the designs ensures suitability of the product for daily rigorous usage, for a wide variety of applications including power tools, vacuum cleaners, lighting and most other types of electrical appliances.

Features and Benefits

- Diecast aluminium protective casing for added durability
- 24 m long
- PVC outer sheath for added protection
- Voltage rated for 230 V ac and current rated for 8 A
- IP42 rated protection to work under most hazardous conditions
