## RS PRO HSS M5 Hand Tap Tap Set

RS Stock No.: 215-574

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

Introducing HSS metric hand tap sets from our trusted own brand RS PRO, a range of sets with tools ideal for cutting thread into material such as metal bolts. The durable taps included in these sets are ideal for use with a tap wrench or drill, providing excellent results for a variety of applications. The sets include the 3 most common types of tap including a taper tap, second tap and bottom tap, allowing you to carry out a range of tapping tasks from starting a new thread to cutting a straight thread as soon as the tap enters the hole.

RS PRO hand tap sets are available in a range of sizes including:

215-552: M3  
215-580: M4  
215-574: M5  
215-530: M6  
215-568: M8  
215-546: M10  
215-524: M12
