

Features

- Rocker switch with red painted dot
- Non illuminated
- SPST switch configuration
- Nylon frame construction to UL 94V-2
- Silver plated Brass contacts

RS PRO SPST Rocker Switch

RS Stock No.: 419-700

RS PRO Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

The RS PRO rocker switch features a black body with a red dot and colouring on the switch to indicate when the switch is in the on position and features Silver plated Brass contacts avoiding the risk of contact oxidation maintaining secure and reliable conductivity throughout its mechanical life.

General Specifications

Features	Rocker switch with red painted dot Nylon frame construction to UL 94V-2
Circuit	P SPST on-off

Electrical Specifications

Rating	16A 125V, 10A 250V AC 10A 250V ~
--------	-------------------------------------

Mechanical Specifications

Contact Rating	50mΩ max.
Insulation Rating	DC 500V 100MΩ min.
Dielectric Strength	AC 1500V 1 minute
Operation Temperature	20°C ~ 85°C

Unit: mm
