

FEATURES

- Using oxygen recombination technology
- PbCaSn alloy for plate grids-less gassing, less self-discharging
- High-quality AGM separator
- High purity raw material
- Silver-coated copper terminals (T1, T2 terminal)
- ABS material

RS PRO Lead Acid Battery 12V, 20Ah

RS Stock No.: 727-0391

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

RS PRO Lead acid batteries are suitable for use across a number of industries as well as for general purpose. They are sealed and have many uses, and are ideal for standby & float applications. These batteries are long life rechargeable batteries.

General Specifications

Technology	AGM
Designed for Cyclic Application	No
Eurobat Classification	3 to 5 Years,
Container Material	A.B.S. (UL94-HB) conform
Application	Standby & Float applications

Electrical Specifications

Capacity	20Ah
Nominal Voltage	12V
Terminal Type	T12

Mechanical Specifications

Dimensions	181.5mm x 77mm x 167.5mm
Height	181.5mm
Length	77mm
Width	167.5mm
Weight	5.8kg

Operation Environment Specifications

Operating Temperature Range	-15 → +50°C
------------------------------------	-------------

Approvals

Compliance/Certifications	UL94-HB
----------------------------------	---------
