Datasheet

RS Pro HSS 3.3mm Drill Bit Hex Shank

RS Stock No: **828-202**

Product Details

RS Pro 3.3 mm drill bit has HSS construction for the toughest applications. The straight flute supplement by an angular cutting point leaves the flutes clear of swarf for a free coolant flow. This 50 mm long drill bit has hex shank to fit the hexagonal drives. The blue steam tempered finish reduces friction and produces a fine finish thread.

Features and Benefits

- Precision HSS taps for machine tapping
- Can be used for hand tapping without need of a lead tap
- Designed with a straight flute supplemented by an angular cutting point leaves the flutes clear of swarf for free coolant flow
- Blue steam tempered finish reduces friction and produces a fine finish thread
