RS PRO 1500mm x 915mm x 15mm Thick Ramped Anti-Fatigue Mat

Feature:

Anti-fatigue mats suited for applications in which the operator is required to be "on their feet" for long hours. Moulded beveled edges reduce trip hazards in the workplace. Holes in the mat provide good drainage for liquid spillages. Made from hardwearing rubber mat can be easily cleaned/hosed down.

- Cushioned rubber surface significantly reduces operator fatigue
- Beveled edges help to reduce trip hazards
- Open-holed design provides excellent drainage for areas with increased risk of spillages and moisture build up
- Durable NR/SBR rubber material

Physical Properties	Unit	Value
Colour	-	Black
Material	-	Natural Rubber / Styrene Butadiene Rubber
Weight	kg	11
Thickness	mm	15
Length	mm	1500
Width	mm	915
Maximum Temperature	°C	70
Minimum Temperature	°C	-20
Tensile Strength	MPa	4
Elongation at break	%	250
Abrasion Resistance	mm ³ (DIN53516)	400
