

FEATURES

- Acoustic insulation with self-adhesive backing
- Available in 800 mm x 500 mm sheets
- 1.4 mm thick soundproofing sheets
- Minimum operating temperature of -35°C
- Maximum operating temperature of $+100^{\circ}\text{C}$
- Weight of 2.6 kg/m^2
- Fully compliant with FMVSS 302 (burning behavior of materials inside vehicles) and ISO 3795 (burning rate of materials inside occupied vehicles)

RS PRO Adhesive Acoustic Insulation, 800mm x 500mm x 1.4mm

RS Stock No.: 137-2242

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

When you need to improve the acoustic insulation around your machinery, pick this polyvinyl acetate (PVA) damping sheet. It's made from a viscoelastic polymer material and reduces the vibrations in flat, resonant surfaces like stainless-steel sinks, machine guards and vehicle panels

General Specifications

Material	polyvinyl acetate (PVA)
Adhesive Backing	Yes
Application	Vehicle panels, machine guards, industrial plant, stainless steel sinks and preparation tables.

Mechanical Specifications

Length	800mm
Width	500mm
Thickness	1.4mm

Operation Environment Specifications

Maximum Operating Temperature	+100°C
Minimum Operating Temperature	-35°C

Approvals

Compliance/Certifications	FMVSS 302, ISO 3795
