RS Pro Hex Socket Countersunk Stainless Steel Plain Socket Screw, M3 x 10mm

RS Stock No: **232-8366**

Product Details

RS Pro socket screw is of size M3 x 10 mm, features A4, 316 plain stainless steel construction for durability. The hexagon socket countersunk screw is an excellent choice when you need a fastener to sit flush or below the surface of your material. RS Pro A4 (316) stainless steel metric thread countersunk screw is designed for light duty applications where space is limited. This fastener is used where a strong, reliable joint is required. It ensures an attractive, quality appearance and finish wherever it is used and gives you exceptional resistance to corrosion.

Features and Benefits

- Good corrosion resistance, higher than A2 (304) stainless steel
- Recyclable
- Can be used for the manufacture or repair of equipment in the food and beverage industry
- Suitable for machine tooling, security guarding and panel building applications.
- Used in corrosive and chemical environments

Specifications:

Finish	Plain
Head Shape	Hex Socket Countersunk
Material	Stainless Steel
Thread Type	Metric
Length	10 mm
Stainless Steel Type	316 (A4)
Thread Pitch	0.5
Thread Size	M3
Head Diameter	5.54 to 6.72 mm
Head Height	1.86 mm
Key Size	2 mm
Specification	DIN 7991
