

Model: GCC30104
Gas Cylinder Storage Cabinet

EN14470-2 Compressed gas cylinder cabinets for the storage of pressurised gas cylinders in working areas. The gas cylinder cabinets of the G-LINE enable the safe storage and removal of gas cylinders in accordance with regulations in workrooms. The gas cylinder cabinets offer maximum protection and convince with a fire resistance of up to 30 minutes.

- 1. Even ventilation and extraction of the entire cabinet interior
- 2. Integrated air ducts ready for connection (DN 75) to a technical exhaust system
- 3. The potential formation of explosive atmospheres or harmful vapours is safely prevented
- 4. Door lockable with cylinder lock, the cabinets can be integrated by the customer into an existing locking system
- 5. Includes mounting rails, cylinder retainers with matching tension belts and a rolling ramp
- 6. The integrated, manually operated rolling ramp facilitates the storage and removal of compressed gas cylinders
- 7. With the comfort interior, the rolling ramp is conveniently operated by a lever.
- 8. Large area for flexible lead-through possibilities on the top of the cabinet, no additional insulation of piping necessary

Specifications			
Model No	GCC30104	Dimensions, Exterior	1400x615x2050mm (W*D*H)
Color	Light Grey	Dimensions, Interior	1290x430x1700mm (W*D*H)
50-litre Gas Cylinders	4 pcs	Extraction air	75 DN
Material Specifications	fire-proof plate	Minimum exhaust air quantity 10 times	12 m³/h
Number of Doors	2	Minimum exhaust air quantity 120 times	139 m³/h
Door Type	Manual	Complies with EN14470-2	Yes
