RS PRO Male USB C to Male USB C USB Cable, 2m

RS Stock No.: 895-0492

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

From RS PRO a reliable, high-quality USB C cable terminated on both ends with a fast and versatile male Type C connector. This cable supports USB 3.1 protocol standard that allows for a Super speed Plus data transfer up to 10Gbps when connecting two USB 3.1 devices. Using this powerful cable you can interconnect the latest handheld or portable devices that use a USB C port, for example connecting peripherals or a smartphone to a laptop or tablet.
