

FEATURES

- Flame retardant
- High tensile strength
- Self-locking design
- Highly durable with excellent chemical resistance

RS PRO Steel Stainless Steel Roller Ball Cable Tie, 125mm x 4.6 mm

RS Stock No.: 123-5036

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

These RS PRO 304 grade stainless steel cable ties are an ideal alternative where Nylon 66 cable ties are not suitable such as harsh environments or places where there is heat. These cable ties have a roller ball design which is self-locking and fast and easy to install. Rollerball ties have a locking ball bearing which grips the tie strap and locks the tie as it is tensioned.
