## Datasheet <br> RS Pro Transparent Silicone Sealant Paste for Electrical. 100 g Tube, $-60 \rightarrow+180^{\circ} \mathrm{C}$ RS Stock No: 555-588

## Product Details

RS Pro 100 g silicone sealant paste in transparent colour, is a clear acetoxy, silicone rubber compound equivalent to 732 RTV, which will bond to most clean surfaces. It has operating temperature range of -60 to $+180^{\circ} \mathrm{C}$. This paste can be used as a sealant, gasket material or insulator for electrical repairs. It is suitable for sealing wire entries and connectors, thermistor mounting, electrical housings and enclosures.

## Features and Benefits

- A clear acetoxy, silicone rubber compound equivalent to 732 RTV, which will bond to most clean surfaces
- Used as a sealant, gasket material or insulator for electrical repairs
- Specific applications include sealing wire entries and connectors, adhesive for thermistor mounting and seals for electrical housings and enclosures

| Specifications: |  |
| :--- | :--- |
| Application | Electrical |
| Chemical Type | Acetoxy, Elastomer |
| Colour | Transparent |
| Hardness | 25 Shore A |
| Odour | Acetic Acid |
| Package Type | Tube |
| Physical Properties | Acetoxy Cure |
| Product Form | Paste |
| Specific Gravity | 1.03 |
| Dielectric Strength | $21.6 \mathrm{kV} / \mathrm{mm}$ |
| Maximum Operating Temperature | $+180^{\circ} \mathrm{C}$ |
| Minimum Operating Temperature | $-60^{\circ} \mathrm{C}$ |
| Tensile Strength | 2.3 MPa |
| Cure Time | 7 days at $+23^{\circ} \mathrm{C}$ |
| Operating Temperature Range | -60 to $+180^{\circ} \mathrm{C}$ |
| Package Size | 100 g |
| Standards Met | RoHS Compliant |
