INDUSTRIAL GRADE JUNCTION BOX KIT - 6657545

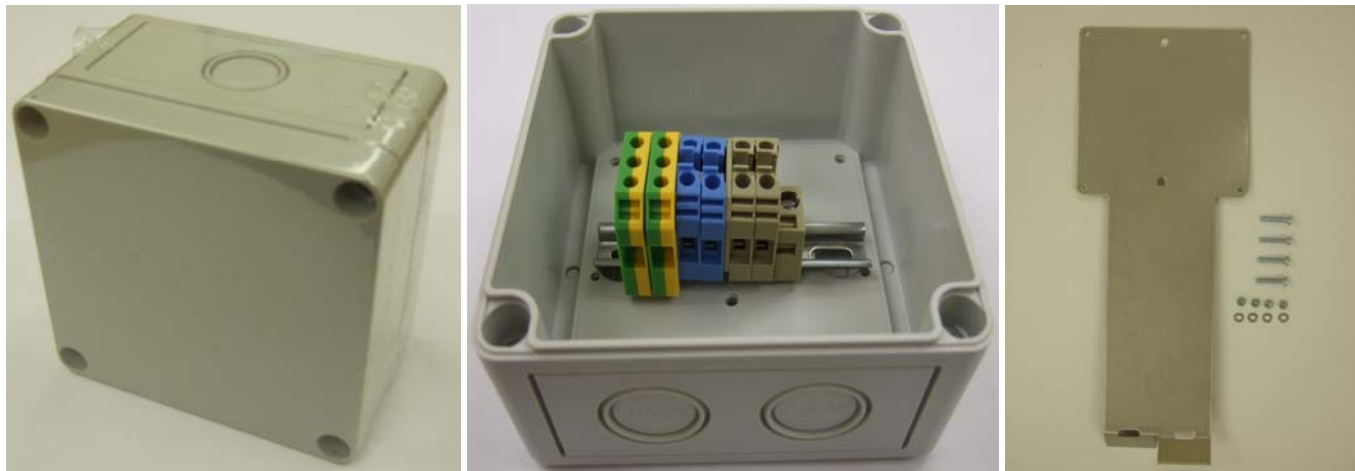

Industrial grade junction box suitable for the safe interconnection of trace heating cables.

The lightweight IP65 polycarbonate construction of the junction box allows easy and flexible installation.

The enclosure is fitted with terminals suitable for 1 cable in and 3 cables out (4mm²)

The Kit is supplied with a pipe mounting bracket for fixing to horizontal and vertical pipework.

NOTE: Kit is not supplied with banding kit (please refer to RS Stock numbers 171-938 & 187-0399).

Enclosure	Polycarbonate
Ingress Protection (IP)	65
Entries	7 x M20/M25
Weight (kg)	0.24 (approx)
Dimensions (l, w, h)	110 x 110 x 66 (mm)
Mounting Centres (mm)	95 mm
Terminals	2 x Live - 2 x Neutral - 2 x Earth - 4mm ²
Load per Terminal	30A
Terminal Voltage	300V
