

## FEATURES

- Dual channels work simultaneously - soldering iron and the tweezers
- Large LCD display illustrate supporting parameter data
- Automatic soldering tool recognition
- 3 pre-set temperature operations for simplified operations
- Maximum power output for the single channel soldering iron is 150W
- Combined maximum power output: 200W
- 100 W soldering tweezers
- 130 W Soldering iron reaches maximum temperatures within 10 seconds

## RS PRO Dual Channel Digital Soldering Station 200W, 230V

RS Stock No.: 176-0007

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

### Product Description

Introducing the RS PRO dual channel smart soldering station. A technically brilliant soldering product rarely seen at this price point. Designed for DIY and professional applications, capable of long sustained usage without fatigue. The ideal equipment for all your soldering and de-soldering solutions.

### General Specifications

<b>Plug type</b>	Type F - Schuko plug, Type G - British 3-pin
<b>Tasks supported</b>	Desoldering / Soldering
<b>Stand-by mode</b>	Support
<b>Shortcut Temperature</b>	3 groups temperatures can adjust and use quickly
<b>Auto-sleep mode</b>	Support
<b>Applications</b>	Reworking stations are designed for refinishing or repairing PCB circuit boards. This rework station is designed with SMD components in mind, and can be used with surface mount or through-hole components

### Electrical Specifications

<b>Wattage</b>	200W
<b>Input Voltage</b>	230V AC±10% 50Hz
<b>Output Power</b>	200W
<b>Number Of Outputs</b>	2
<b>Display Type</b>	LCD

## Mechanical Specifications

Depth	265mm
Height	160mm
Width	230mm
Weight	4.97kg

## Operation Environment Specifications

Soldering Tip Temperature	480°C
Maximum Operating Temperature	480°C
Minimum Operating Temperature	150°C

## Approvals

Compliance/Certifications	RoHS
---------------------------	------

## Packing List

176-0007 Main Unit	1pc	
GT-Y130 Soldering Iron	1pc	
GT-N100 Tweezers	1pc	
Iron holder (with Cleaning Sponge)	2sets	
Manual	2 copies	
Power Cord(UK + European Plug )	2pc	
3.5MM Grounding Receptacle	1pc
