Datasheet

Stock No: 429-492

RS Pro PCB Slide Switch DPDT On-On 0.4 A@ 20 V Slide

Product Details

RS - Micro Miniature Slide Switches

PCB mounting, 2.54mm terminal spacing

Vertical or right angle styles

Right angle versions have two additional support pins

Phosphor bronze gold plated contacts

May be interchanged with ultra-miniature toggle switches

Mechanical life: 100000 operations

Suitable for low level switching and ideal where board space is at premium

Brass actuator and flame retardant Polybutylene Terephthalate (PBT), glass filled UL94-V0 case

ENGLISH

Specifications:

Contact Configuration	DPDT
Mounting Type	PCB
Switch Operation	On-On
Contact Current Rating	0.4 A@ 20 V
Terminal Type	Through Hole
Actuator Type	Slide
Contact Resistance	20mΩ
Mechanical Life	30000Operations
Maximum Operating Temperature	+85°C
Minimum Operating Temperature	-30°C
Actuator Material	Nylon
Contact Material	Gold Plated
Operating Temperature Range	-30 → +85°C
