## RS PRO Multimeter Test Lead

RS Stock No.: 161-6511

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

RS PRO set of leads with insulated crocodile clips at each end. These leads are supplied as a set of 10 and include 2 x red, 2 x black, 2 x green, 2 x yellow and 2 x white. Crocodile clips (also known as alligator clips) are extremely useful as the sharp teeth and spring design means that they can clip onto anything to make quick and easy test connections. They allow you to test circuits without crossing wires or causing shorts.

## General Specifications
