RS PRO High Speed Steel Spiral Flute Tap & Drill Set

RS Stock No.: 180-7091

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

Introducing the RS PRO 9 piece tap and drill set, a high quality and professional set ideal for a variety of professional and DIY tasks. The combination of tap and drill bits is perfect for creating holes, tapping and thread cutting in a range of materials when used with a hand or power tool such as a tap wrench or power drill. The pieces in this set have been designed with a self-centering point that allows for optimum positional accuracy when centre drilling or centre punching, making it a versatile tap and drill set, suitable for a wide variety of applications.
