

FEATURES

- Fits in the bench top
- Connects up to 3 operators to ground
- Complete with 2 m earth lead with ring terminal
- Easy to fit using self-adhesive pads
- Manufactured from black ABS
- Size: 44 mm x 68 mm x 30 mm

RS PRO ESD Earth Bonding Box With 10mm x 2 4m Socket x 1

RS Stock No.: 392-135

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

RS PRO is our own brand range and brings you a wide range of high-quality, great value products offering you more choice. Trusted by engineers all over the world, every part of every RS PRO product has been rigorously tested against demanding industry standards; they're only given the RS PRO Seal of Approval if we're confident of their exceptional quality, which means you can be confident too. RS PRO have a great range of ESD grounding accessories including bonding plugs, bonding boxes, bonding brackets and cords plus many more to help eliminate the build-up of static discharge which can be a risk to static sensitive components or devices. These EBP boxes meet the need defined in EN 61340-5 for connecting the elements of an ESD Protected Area (EPA) to a common connection point or Earth Bonding Point (EBP).

General Specifications

Accessory Type	Earth Bonding Box
Connector Type	10mm x 2 4m Socket x 1
Termination Type	Ring Terminal
