

Datasheet

RS PRO 1m USB C to DisplayPort Bi-directional cable

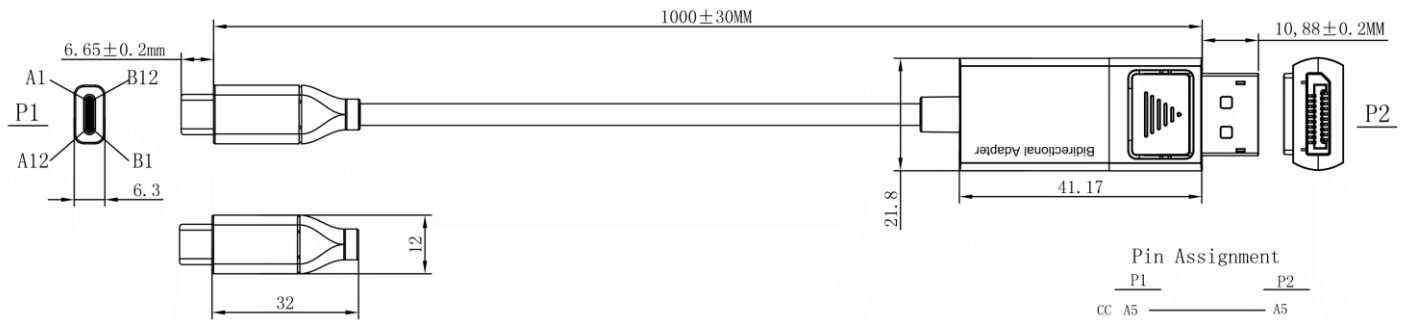

Stock number: 2299979

EN

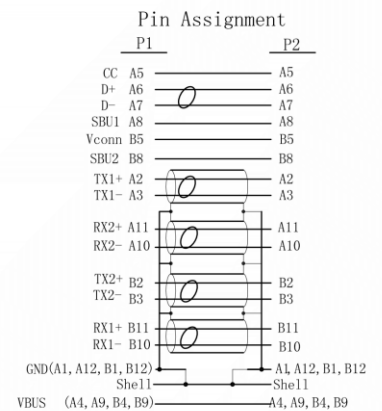

The RSPRO 1m USB C to DisplayPort cables are bi-directional, you can use them from a USB C source to a DisplayPort display or a DisplayPort source to a USB C display. This makes them very versatile.

This cable is capable of 8k@30Hz (HBR3) and supports HDR10.

Please note: The USB C port needs to support video input/output (DP Alt Mode)
