

Datasheet

RS PRO IP67 Mini USB-B 2.0 – Plastic Cable End

The RS PRO series of waterproof Mini USB-B connectors are a range of ruggedised IP67/IP68 connectors designed to be used outdoors or in harsher industrial environments. Designed to fit panel cut outs of 16mm the metal Mini USB-B series also comes with rear potting on the panel mount connectors. This ensures your panel is still sealed to an IP67/IP68 rating even when the connector is unmated, and the sealing cap is not connected. The bayonet or screw mating allows for a secure connection.

Features & Benefits:

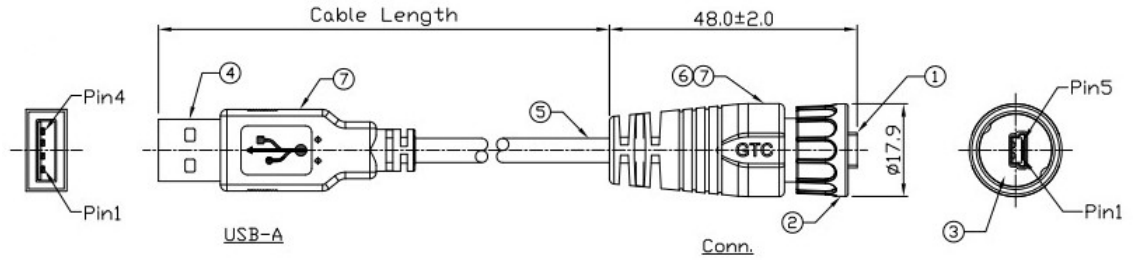

- **Thermoplastic or Copper Alloy with Nickel Plating**
- **IP67/IP68**
- **Rear Potted**
- **Threaded Mating**
- **USB-B 2.0**
