

## FEATURES

- Low voltage power lamp for cost saving energy efficiency
- LEDs are long lasting and produce no heat
- Re-enforced tempered glass lens provides impact resistance
- Robust build for a long service

# RS PRO LED Machine Light, 24 V, 12 W, Adjustable Arm, 400mm Reach, 800mm Arm Length

RS Stock No.: 777-7974

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

From our high quality RS Pro brand, this LED task light is perfect addition to your workstation. With six efficient LED bulbs, the machine light has a bright, white output, so you can enjoy shadow-free lighting for clear and comfortable working.

The LED light features an adjustable arm, with a single point of articulation to ensure you have the light you need where you need it. There is even a built in handle on the light head for further ease of adjustment.

## General Specifications
