## Dual Beam Sensor Headtorch

### Product Features

420 Lumen White LED  
Spot beam, flood & red lighting modes  
Motion sensor activation, or conventional switch  
Stepless adjustable dimming for complete control over lumen output  
SOS mode included  
Durable material housing with IK07 shock resistance  
IP65 Dust proof & water resistance  
Adjustable headband with non-slip silicone lining

**Battery:** 3 x AAA Alkaline Batteries (included)

**Product Size:** Headlight 68.8 x 46.2 x 38.8mm

**Product Weight:** 89g

### Technical Data:

Spot Beam: Highest Brightness – 420 lumens / 124 metres / 4 hours

Spot Beam: Lowest Brightness – 25 lumens / 6 metres / 120 hours

Floodlight: Highest Brightness – 220 lumens / 4 hours

Floodlight: Lowest Brightness – 25 lumens / 120 hours

Red diffused: Highest Brightness – 10 lumens / 20 hours

Red diffused: Lowest Brightness – 0.5 lumens / 180 hours
