RS PRO ESD Earth Stud Kit With 10mm Studs & Post

RS Stock No.: 539-205

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

RS PRO is our own brand range and brings you a wide range of high-quality, great value products offering you more choice. Trusted by engineers all over the world, every part of every RS PRO product has been rigorously tested against demanding industry standards; they're only given the RS PRO Seal of Approval if we're confident of their exceptional quality, which means you can be confident too. RS PRO have a great range of ESD grounding accessories including bonding plugs, bonding boxes, bonding brackets and cords plus many more to help eliminate the build-up of static discharge which can be a risk to static sensitive components or devices. RS PRO press studs are a type of grounding accessory that creates earth grounding points on bench and floor mats to which to connect ground cords. This earth stud kit is a simple but effective way to fix studs or sockets to mats.
