

BDX - Burrs

Burrs # 19mm /6 - Norton BDX

Artical Number: 66261146539

EAN: 8711479982811

SizeDerived: 19mm /6

Description

Norton BDX burrs has unique geometry to meet the growing demands for stainless steel, steel, cast steel and composites applications offering fast stock removal and long service life, providing optimum efficiency.

Features & Benefits

Unique geometry improves operator control and reduces the size of chips

Increased cut rate and longer life on tough applications

"D" Double cut style

Universal cutting style for fast material removal

Application Data

Material Application: CAST IRON,STEEL,NON-FERROUS

Machine: Straight Grinder

Process: Shaping

Equipments:

Technical Data

Burr Shape: F Pointed tree with round nose

Diameter:

Length: 19 mm

Shank Diameter: 6 mm

Shank Length:
