RS Stock No.: 221-3569

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

RS PRO Fan Speed Controller

From RS PRO a fan speed controller for use with RS PRO Commercial Extractor Fans. They are compatible with both the fixed fan grilles and automatic shutter variants. With this accessory there is no need to set the high or low speed during installation. This controller gives you the capacity to switch between low-speed and high-speed settings and active reverse mode.
