## RS PRO 1tr DVI-D Dual Link M-M Cable – Black – 5 Pack

RS Stock No.: 2668477

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

The RSPRO 1 metre male to male DVI-D cable which has a black PVC jack and an outer diameter of 8.6mm. The connectors have a gold flash covering to prevent corrosion.

There are three different types of DVI cables which all share a common connector, DVI-A (analogue), DVI-D (digital) and DVI-I (integrated).

DVI-A only carries an analogue signal so this normally comes with a VGA connector on one end.

DVI-D is a digital only connection and cannot be used with a VGA monitor unless it is actively converted to an analogue signal.

DVI-I can carry either digital or analogue signal, the graphics cards control the signal type.

DVI-D and DVI-I are also split into two types of cable, dual link and single link. Dual link has all the pins connected to achieve higher resolutions whereas single link may have the physical pins present but some will not be connected inside the cable.

## General Specifications

<b>Cable Type</b>	DVI-D Dual Link
<b>Connector A</b>	Male DVI-D
<b>Connector A Gender</b>	Male
<b>Connector A Type</b>	Male DVI-D
<b>Connector B</b>	Male DVI-D
<b>Connector B Gender</b>	Male
<b>Connector B Type</b>	Male DVI-D
<b>Outer Sheath Material</b>	PVC
<b>Sheath Colour</b>	Black

## Approvals

<b>Declarations</b>	CE UKCA REACH ROHS
<b>Standards Met</b>	CE UKCA REACH ROHS
