

FEATURES

- Supplied in a durable grey pouch
- Attractive yellow piping
- Operates at a temperature rating of -20 to +70°C
- CAT III safety category level

RS PRO Multimeter Test Lead Test Lead Kit, CAT III 600V

RS Stock No.: 731-5277

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

RS PRO practical lead sets supplied in a durable grey pouch with attractive yellow piping. The standard set (731-5277) has a wide range of accessories for taking measurements in most situations. The fused set (731-5273) has extra fused test probes complying with the requirement of GS38 safety guidance for use on high energy circuits while taking voltage measurements. Both sets comply with IEC1010-1 cat III 600 V safety standard.

Thin fine insulated prods set [262-7770](#) for use with fused test prods and multimeter test lead sets
Shuttered lantern probe set [262-7786](#) for use with fused test prods and multimeter test lead sets.

General Specifications

Lead Type	Test Lead Kit
Connector Type	Crocodile Clip, Right Angle Plug, Spring Hook, Straight Plug
Application	Test and Measurement, Test voltage, current, capacitance and other types of testing

Electrical Specifications

Safety Category Voltage	600V
Safety Category	CAT III 600 V
Safety Category Level	CAT III

Mechanical Specifications

Lead Length	1.2m
--------------------	------

Operation Environment Specifications

Minimum Operating Temperature	-20°C
Maximum Operating Temperature	+70°C

Approvals

Compliance/Certifications	2011/65/EU and 2015/863
---------------------------	-------------------------
