

FEATURES

- Non-releasable ladder type
- Flame retardant
- Flexible
- Highly robust and durable

RS PRO Metallic 316 Stainless Steel Ladder Cable Tie, 300mm x 7 mm

RS Stock No.: 121-624

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

These RS PRO ladder type cable ties have been manufactured from grade 316 stainless steel. The construction of these metal cable ties gives them greater flexibility in comparison to a standard stainless steel cable tie. The unique design and structure of ladder cable ties make them ideal for applications which need extreme strengths. These ties are an ideal alternative where Nylon 66 cable ties are not suitable such as harsh environments or places where there is heat.

General Specifications

Type	Ladder
Colour	Metallic
Material	316Stainless Steel
Application	IN INDUSTRIES SUCH AS Oil and gas Marine Chemical Maintenance Automotive Solar Ship Building Mining Defence Services
Resistant To	Chemical resistance, abrasion, corrosion, radiation, weathering
UV Resistant	No
Minimum Operating Temperature	-80°C
Maximum Operating Temperature	+538°C
Fire Behaviour	Flame Retardant
Quantity	100

Mechanical Specifications

Length	300mm
Width	7mm
Tensile Strength	436.1N
Maximum Bundle Strength	95mm

Approvals

Standards Met	ABS, DNV, Lloyd's Register, IEC 62275, UL-1565
