

Datasheet

RS PRO 15cm DisplayPort Male to DVI-D Female Adapter - White

Stock number: 182-8898

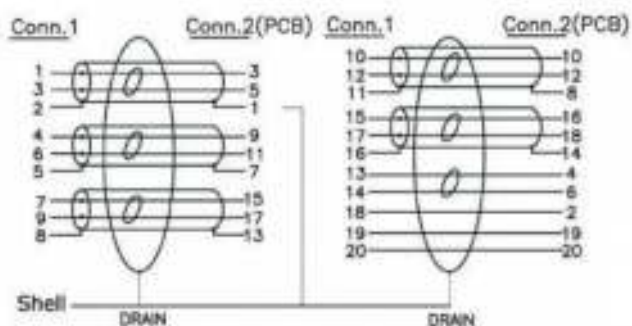

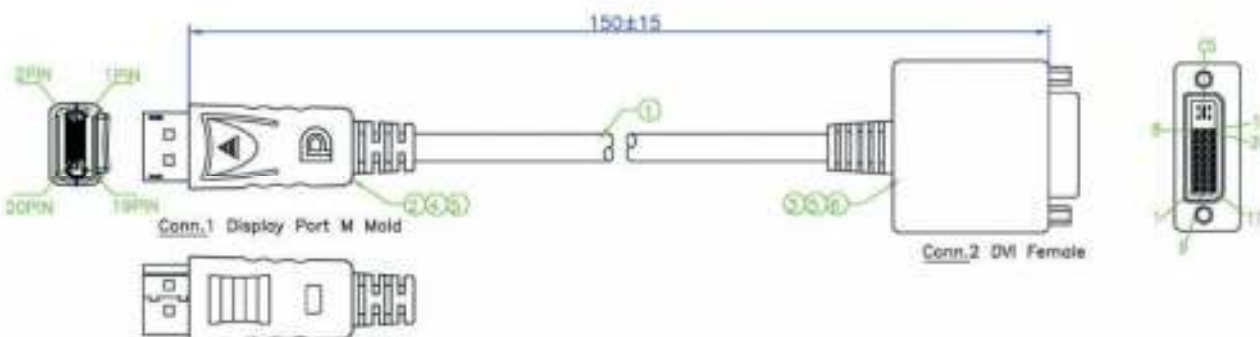

EN

Our RS PRO 15cm DisplayPort to DVI-D adapter comes with a latching, 20 pin male connector.

The connector hoods are made from white PVC and come with dust caps to protect the connectors. On top of the connector is the latch release and a strain relief on the end of the hood to support the cable.

There are three different types of DVI cables which all share a common connector, DVI-A(analogue), DVI-D(digital) and DVI-I(integrated).

DVI-D and DVI-I are also split into two types of cable, dual link and single link. Dual link has all the pins connected to achieve higher resolutions whereas single link may have the physical pins present but some will not be connected inside the cable.

⑥	Plastic Hood for DVI Female, Material: ABS, Colour:White
⑤	Outside Molding 45P PVC PMS:White
④	Inside Molding: PE
③	DisplayPort to DVI(Gold) Blank PCB+SMT
