

CRC Industries (Aust) Pty. Ltd.

### **I. Product Description**

Evapo-Rust Spray Gel clings to surfaces to effectively remove rust on all types of mild steel and iron, without the need to soak:

- Safe on chrome, copper, brass, aluminium, vinyl and most plastics.
- Evapo-Rust is non-caustic, non-flammable and contains no petroleum.

### **II. Features & Benefits**

- Clings to surfaces
- Powerful
- Non-scrubbing

### **III. Application Directions**

Read Entire Label Before Use

1. Pre-clean item if it is dirty or oily and remove loose rust scale.
2. For best results do not use in direct sunlight.
3. Apply Evapo-Rust Spray Gel to the surface to be treated as a heavy film.
4. Allow **a minimum of 2 hours** to work – heavily rusted items will require longer working time.
5. Rinse with water and dry with a cloth.
6. If Evapo-Rust Spray Gel dries on the surface a soft brush and water may be required to remove it.
7. Heavily rusted items may require repeat applications.
